

# Basic Equine Arthroscopy Course

13 and 14 March 2024 – Hannover (Germany)

This course includes in-depth presentations on arthroscopic techniques, dealing with complications, and the latest developments in the field of arthroscopy. Four extensive wet-lab sessions will provide substantial time to put this into practice in small groups under the guidance of experienced instructors. During these sessions, the state of the art arthroscopy stations will additionally be equipped with the Arthrex Nanoscope to gain experience with needle arthroscopy.

## Instructors

- Prof. Dr. Florian Geburek, Dipl. ECVS (TiHo Hannover, Ger)
- Dr. Bruce Bladon, Dipl. ECVS (Donnington Grove Veterinary Group, UK)
- Nicole Verhaar, PhD, Dipl. ECVS (TiHo Hannover, Ger)
- Andrea Noguera, PhD, Dipl. ECVS (Hansekllinik, Ger)
- Prof. Dr. Christoph Lischer, Dipl. ECVS (FU Berlin, Ger)
