

Veterinarian (m/f/d) with focus on surgery full- and part-time

Welcome to the team

Located in the direct neighborhood of Baden-Baden, at the racecourse in Iffezheim, we stand for equine medicine at the highest level. We cover the entire spectrum of equine medicine (including surgery, MRI, CT and scintigraphy) and are committed to the health of our patients every day with heart and great dedication.

Your Benefits:

- 4 ½ days per week, trainee to assist
- Support from state-of-the-art technical equipment in the clinic such as MRI (standing), CT, scintigraphy
- All specialties are professionally covered in the clinic
- Arthroscopy, laparoscopy and osteosynthesis equipment
- Working in a team of surgeons with many years of experience
- Personal and professional development opportunities
- Targeted development and advancement through internal and external (paid) training. We are open to the introduction of new surgical techniques
- Surgical weekend duty approximately every 4 weeks

Your Profile:

- You are already a trained veterinarian with practical experience in surgery
- You are willing to work responsibly and independently
- Ability to work in a team
- German B2 or an equivalent qualification that allows you to work as a veterinarian in Germany
- Interest in personal and professional development

You are not sure if you meet all the criteria, but you have a great passion for veterinary medicine and want to join a great team? Then apply anyway! We look forward to getting to know you.
