

Small animal surgeon

Strömsholm Referral Small Animal Hospital, Sweden.

Are you an ECVS/ACVS Diplomate looking for a new opportunity in Sweden?

Welcome to an environment that invites you to an active lifestyle. At Strömsholm, history and state-of-the-art specialized veterinary care meet. To Strömsholm the most complicated cases are referred and therefore some of the best specialists in surgery, diagnostic imaging, internal medicine, orthopedics, and odontology have gathered here. Is nature close to your heart? Strömsholm is surrounded by beautiful, open landscapes and a large nature reserve where healthy lunch walks are just a stone's throw away. You should choose us if you want to become part of strong community and take on complicated cases.

The opportunity:

The surgery service at IVC Evidensia Strömsholm Referral Small Animal Hospital is a dynamic team seeing a high volume of referral and primary emergency cases. The majority of cases are orthopedic and neurology cases. We currently have two ECVS diplomates, two residency trained surgeons and one resident working alongside several other veterinarians. We are supported by diplomates in Anaesthesia, Diagnostic Imaging and Ophthalmology as well as nationally recognised specialists in internal medicine and cardiology. The hospital is equipped with state-of-the-art MRI 1.5 Tesla and CT scanner, six operating theatres, dentistry suite and endoscopy room. We have a highly competent in-house laboratory, including cytology, biochemistry, hematology, endocrinology and microbiology, in addition to running our blood bank.

The hospital runs a 24hour service with dedicated teams working nights and weekends, and specialists working daytime weekdays, mostly in surgery but also receiving surgical/orthopedic outpatients. The surgeons have an on-call backup rotation for neurology cases during daytime Saturdays and Sundays.

The hospital has its own gym, SPA area with a jacuzzi and sauna, free breakfast every Friday, fruit, coffee/tea and soft drinks daily. Or why not a well-deserved visit to our masseur? One thing is for sure – no day is like another. We build, expand, and create the future animal care, constantly striving to save lives and be one of Scandinavia's most modern centers attracting animal owners and referring veterinarians from all over the country

About yourself:

Collegiality, civility, mutual support, and respect for others are strongly held values at our hospital. We support diverse beliefs and the free exchange of ideas and expect that all members of the staff promote these values and apply them in a professional manner.

Above all else, however, we value someone who is a team player, committed to our patients and keen to be a part of our specialist team.

Salary will be competitive and commensurate with the candidate's qualifications and experience. Applications will be reviewed immediately and continue until the position is filled.

For information: If you have any questions about the position, you are welcome to contact recruiter Carolina Elofsson carolina.elifsson@evidensia.se
