

L'Université de Montréal et de votre carrière.

Deeply rooted in Montreal and dedicated to its international mission, Université de Montréal is one of Canada's Top 100 Employers. Like the city whose name it bears, it is effervescent and multicultural.

UdeM attracts over \$500 million in research funding every year, making it one of the top three university research hubs in Canada. It also ranks among the top 100 universities worldwide and among the five best French language universities.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

Clinician Position In Farm Animal Surgery

Temporary position - Full time - Duration: 1 year

**Faculté de médecine vétérinaire | Direction
Centre hospitalier universitaire vétérinaire (CHUV)**

The *Faculté de médecine vétérinaire* (FMV) of the *Université de Montréal* is currently seeking qualified candidates for a clinician position in farm animal surgery. The FMV is located in [Saint-Hyacinthe](#), the agricultural capital of Quebec with 57 000 inhabitants. The FMV is located 60 km (37 miles) from [Montreal](#), a vibrant city with an international airport and excellent flight connections to Europe and the USA. The FMV is also within easy reach of the beautiful, historic [Quebec](#) City and [Ottawa](#), the capital of Canada. As a member of the farm animal hospital team, you will join 2 other specialists in surgery and 3 specialists in large animal medicine.

As a clinician, you will have the opportunity to contribute to the excellence of the *Faculté de médecine vétérinaire*:

Through your teaching (for a maximum of 90% of the appointment), you will also ensure the visibility of your discipline and your research activities in addition to actively participate in the operation of a renowned institution (for a minimum of 10% of the appointment). As such, you will:

- » Participate in clinical teaching through provision of care and services meeting the different needs of the farm animal hospital service clientele;
- » Participate in clinical teaching of interns and residents in the farm animal hospital;
- » Supervise veterinary students and rotating interns and residents;
- » Evaluate student learning;
- » Provide educational advice and assistance to students.

To succeed in this role, you must have the following qualifications:

- » Doctor in veterinary medicine or equivalent degree;
- » Completion of a formal residency training program in large animal surgery ACVS or ECVS
- » Certification by the American College of Veterinary Surgeons (ACVS) or European College of Veterinary Surgeons (ECVS) would be advantageous;
- » Work experience (possibly including work experience during residency) and interest in clinical teaching of farm animal surgery in an academic environment;

- » Obtain a licence to practice veterinary medicine issues by the Ordre des médecins vétérinaires du Québec;
- » An adequate knowledge of the French written and spoken language **or** a strong commitment to mastering the proficiency level required, in accordance to [Université de Montréal's Language Policy](#). An institutional learning support program is offered to all professors wishing to learn French or improve their communication skills.

How to submit your application

We invite you to submit a letter outlining your interests and career goals, your resume, a copy of your diplomas, and three letters of recommendation from professors or supervisors to :

DIVERSITY AND INCLUSION

Université de Montréal is strongly committed to fostering [diversity and inclusion](#). Through its *Equal Access Employment Program (EAEP)*, UdeM invites applications from women, Aboriginal people, visible and ethnic minorities, as well as persons with disabilities. We will –confidentially – adapt our recruitment mechanisms to the specific needs of people with disabilities who request it.

UdeM embraces a broad and inclusive definition of diversity that goes beyond applicable laws, and therefore encourages all qualified individuals to apply, regardless of their characteristics. However, in accordance with Canadian immigration requirements, priority will be given to Canadians and permanent residents.

In order to measure the impact of its equity, diversity and inclusion actions, UdeM is collecting data on applicants identifying themselves with one of the groups targeted by the Equal Employment Opportunity Act, namely women, Aboriginal people, visible minorities, ethnic minorities and people with limitations. To this end, we thank you for completing [this self-identification questionnaire](#). The information you provide through this form is **strictly confidential** and will be shared only with those responsible for the UdeM EAEP. If you wish, you may also indicate that you belong to one of the targeted groups in your cover letter, which will be reviewed by the selection committee and the assembly of peers.

Université de Montréal's application process allows all members of the Professor's Assembly to review the application files submitted. If you wish to keep your application confidential until the shortlist is established, please mention it in your application.
