

## **Equine veterinarian**

Estonian University of Life Sciences equine clinic is looking for a full-time equine veterinarian.

Our Equine Clinic is the only inpatient clinic in Estonia that offers high-quality first aid and treatment services to horses around the clock. The clinic has camera-monitored intensive care boxes and isolation boxes for horses suspected of having an infectious disease. We also perform first line diagnostic and treatment procedures on site in the client's stable.

Our clinical facilities include a well-equipped hospital with veterinary technicians assisting 24/7, 16 in-patient boxes, including 3 separated isolation boxes, a surgical suite, arthroscopy, endoscopy, motorized dental float, intra oral endoscope, in-clinic ultrasound and computed X-ray, and 2 in-house laboratories that are available for various diagnostic testing. We also have a full-size arena where lameness examinations can be performed all year round.

Additionally, we have veterinary students practicing at the equine clinic. To ensure their best education, we involve students in diagnostic and treatment activities under the supervision of a doctor.

---

### **Work description**

- Elective and emergency patient care during daytime (including occasional ambulatory work)
- On-call hours during the night and weekends by schedule
- Participating in teaching the veterinary students

### **Requirements**

- Work experience as a veterinarian
- DVM or equivalent degree in Veterinary Medicine
- Work experience in a referral clinic is a plus
- Previous experience in working with horses
- Good knowledge of English
- Good communication skills and ability to work well in a team
- Driver's licence

## What we offer

- Good working environment- you will be working alongside an experienced, motivated and fun team. We support further development and encourage staff to follow their specialist interests.
- Possibility to be a part of teaching the future veterinarians
- The hours are full time (40 hours per week), plus a shared on call rota. We emphasize teamwork and we work hard, but we also cultivate a healthy work-life balance, so we offer our employees 35 days of paid vacation per year.

## Required for application:

- Motivation Letter
- Curriculum Vitae
