

Charles Sturt
University

Dear colleagues,

The School of Agricultural, Environmental & Veterinary Sciences at Charles Sturt University, NSW, Australia invites applications for a continuing, full time faculty position (lecturer/senior lecturer/associate professor) in equine surgery.

The role involves providing clinical and teaching services in equine surgery at our state-of-the-art equine veterinary hospital and contains opportunities for professional development and is designed to fit with individual needs while working with specialists in equine medicine, equine sports medicine, theriogenology, anaesthesia and equine surgery and experienced technical staff who are focused on delivering high-quality clinical services, undergraduate and resident teaching and research. Applicants must hold a veterinary degree recognised by the Veterinary Practitioners Board of NSW, ECVS and/or ACVS and /or ANZCVS specialist qualifications in equine surgery field (senior lecturer/associate professor applicants) or completion of an ECVS/ACVS/ANZCVS registered residency (lecturer applicants). Commitment to upholding the advancement of the discipline of equine surgery and the veterinary profession through professional activity and/or research is required.

The successful candidate will be appointed to either a teaching research or teaching professional work function and will have access to the University's generous relocation support scheme.

Wagga Wagga is in the heart of the Riverina region of rural NSW and is equidistant to the capital cities of Sydney and Melbourne via plane, train or car. The city has ready access to excellent schools and sporting facilities, extensive medical services and numerous outdoor pursuits due to its great climate.

A major food production area for eastern Australia, the Riverina also has a thriving horse scene with multiple thoroughbred and standardbred racetracks, Olympic discipline equestrian clubs, western sports and those unique to Australia such as polocrosse and campdrafting.
