Small Animal Surgeon

Reporting to: Davina Anderson/Andy Moores

Hours: Part-time or full-time, with weekend and evening on-call responsibilities

Location: Winchester, Hampshire, UK

Anderson Moores is a busy, multiple-disciplinary, referral-only small animal hospital in Hampshire, UK. We currently accept referrals in soft tissue and orthopedic surgery, internal medicine, oncology, neurology, cardiology, dermatology, diagnostic imaging, anaesthesiology and physiotherapy. Our Specialist Clinicians are supported by a team of highly qualified registered veterinary nurses, nursing assistants and interns. We have a varied caseload of unusual and interesting cases and a close-knit enthusiastic team. We continue to expand our clinical services and believe in a collaborative approach to challenging cases with a strong emphasis on quality of care.

We are now seeking an additional surgeon to join our team. The successful candidate will be expected to be confident managing a varied soft-tissue and orthopaedic caseload. They will join a team of five experienced ECVS surgeons and three ECVS residents. More junior colleagues will be able to benefit from being part of a highly experienced surgical team with the support that that can bring. This position could suit a surgeon in their first year post-residency and provision would be given for time-off prior to diploma exams.

We strongly support ongoing training and CPD and as a member of our team you will receive a competitive salary and a benefits package which includes private health care, reimbursement of pet insurance and a company pension scheme.

Anderson Moores is located in the beautiful Hampshire countryside just outside the historic city of Winchester, which is only 50 minutes from London by train. Southampton airport, the Solent and the New Forest and South Downs national parks are all on our doorstep.

To be considered for this role, candidates must be:

- MRCVS or hold a veterinary degree registrable with the RCVS
- Eligible to work in the United Kingdom
- Be an ECVS or ACVS specialist in small animal surgery or have completed an ECVS or ACVS approved surgical residency programme
