

**Description:**

San Luis Rey Equine Hospital in North San Diego County is seeking an Equine Surgeon.

**Position Information:**

The position will consist of scheduled overnight emergency duty with flexibility to schedule and book surgery consultations and procedures during the weekdays as clinical caseload expands.

Duties include receiving and triaging emergency cases, elective soft tissue surgical cases, and teaching and training interns, while working within the unique practice culture.

Candidates must be enthusiastic about emergency medicine & surgery, soft tissue surgery, and have a DVM or equivalent and surgery credentials. Previous relevant equine referral emergency medicine and surgery experience is essential. In addition, experience managing equine cases in a team-based, collaborative environment on an emergency basis, including medical, intraoperative, and postoperative care is required.

Assistance and surgical oversight is available for candidates.

Valid California Veterinary Medical License required.

San Luis Rey Equine Hospital has a strong sport horse and thoroughbred racehorse caseload.

Health, vision & dental insurance, AVMA PLIT, California licensing, AAEP, AVMA and ACVS dues are covered by employer.

Competitive 401K eligibility following 12 months of employment.

Disability insurance is up to the individual employee to obtain & maintain coverage.
